

February 21, 2019

SUBJECT: Certification of combined Annual Incident Management Team Tabletop Exercise (IMT TTX) and Salvage and Marine Firefighting Tabletop Exercise (SMFF TTX)

I hereby certify that O'Brien's Response Management conducted an incident management team tabletop exercise of a worst case discharge scenario on February 20-21, 2019 in Washington, DC. This exercise also involved increased salvage and marine firefighting complexities, and a salvage and marine firefighting tabletop exercise was conducted as part of the exercise.

This exercise was conducted as required by the United States Coast Guard (USCG) regulations in 33 CFR 155.1060 and State of California regulations in CCR Title 14 Section 820.1. The exercise was designed and conducted in accordance with the 2016 USCG National Preparedness for Response Exercise Program (NPREP) guidelines and State of California regulations.

A copy of this certification letter is available in the VesselPro™ Other Documents Library along with the full compliance documentation from the 2019 IMT TTX for your records. Please note that it is recommended that a copy of the same be downloaded from VesselPro™ and maintained in your offices for reference, but a copy is *not* required to be maintained on board fleet vessels.

Sincerely,

Michael W. Gallagher
